National Science Day

Date: 28th February, 2024

Schedule

TIMINGS	PROGRAMME
9:00-9:30	Flag Hoisting
9:30-12:30	Field Work
12:30- 12:45	Assembling
12:45-1:30	Lunch
1:30-2:45	Guest Lecture
2:45-2:55	Break
2:55-4:30	Culturals (Team 5)
4:30-4:50	Po's Interaction
4:50-5:00	Flag Dehoisting
5:00-5:30	National Anthem

Morning Session

Flag Hoisting: On Day 4 of our NSS camp, themed "National Science Day," the morning commenced with a profound sense of community spirit as Mr. Linga Reddy, the Panchayat Secretary of Venkatapur, graciously hoisted our national flag. His symbolic gesture not only honored our nation's values but also underscored the importance of local leadership in fostering unity and progress.

Fieldwork:

we set out into the local community for a fieldwork initiative, our hearts filled with a deep sense of purpose. Our mission: to spread awareness about civic engagement, with a special emphasis on the pivotal role of voting in our democratic system and took a rally on “cast your vote, use your right”. Teams were divided into two groups, Divided into teams, one group ventured to Korremula, while the other made their way to Venkatapur village, with a unified goal of creating awareness on voting rights and responsibilities.

Awareness:

Additionally, a spirited rally was organized in both villages, serving as a beacon of unity and inspiration for the community. With colorful banners, energetic chants, and stirring speeches, the rally echoed with messages of empowerment and civic duty, urging villagers to exercise their right to vote and make their voices heard.

Through these grassroots efforts, our teams endeavored to ignite a spark of civic consciousness, encouraging villagers to take an active role in shaping the future of their communities and nation. As the day concluded, the spirit of solidarity and purpose lingered in the air, fueling our commitment to continue our mission of fostering civic engagement and building a brighter tomorrow for all.

VIKSIT BHARAT@2047 – 2024

Date: 04/04/2024

As part of the Viksit Bharat campaign launched by the Government of India, the NSS Cell, Unit I, conducted a visit to a government school in Chowdhariguda, Medchal-Malkajgiri District, on April 4th. The primary focus of this initiative was on education, specifically addressing issues related to accessibility, affordability, and the quality of education for all. This effort aligns with the broader vision of bringing transformative changes to the current education system.

Additionally, the event emphasized another key objective of the Viksit Bharat 2047 initiative—ensuring affordable health and wellness for all citizens. Unit I Programme Officer, Dr. P. Naveen, accompanied by volunteers, engaged with the students, posing various questions to assess their access to basic health and educational services. The discussions also explored how students could contribute to the Viksit Bharat vision, which aspires to transform India into a developed nation by 2047.

As part of the Viksit Bharat campaign launched by the Government of India, the NSS Cell, Unit I, conducted an interactive session on Holistic, Quality and affordable health and wellness for all.. The primary focus of this initiative was on education, specifically addressing issues related to accessibility, affordability, and the quality of education for all. This effort aligns with the broader vision of bringing transformative changes to the current education system.

Additionally, the event emphasized another key objective of the Viksit Bharat 2047 initiative—ensuring affordable health and wellness for all citizens. Unit I Programme Officer, Dr. P. Naveen, accompanied by volunteers, engaged with the students, posing various questions to assess their access to basic health and educational services. The discussions also explored how students could contribute to the Viksit Bharat vision, which aspires to transform India into a developed nation by 2047.

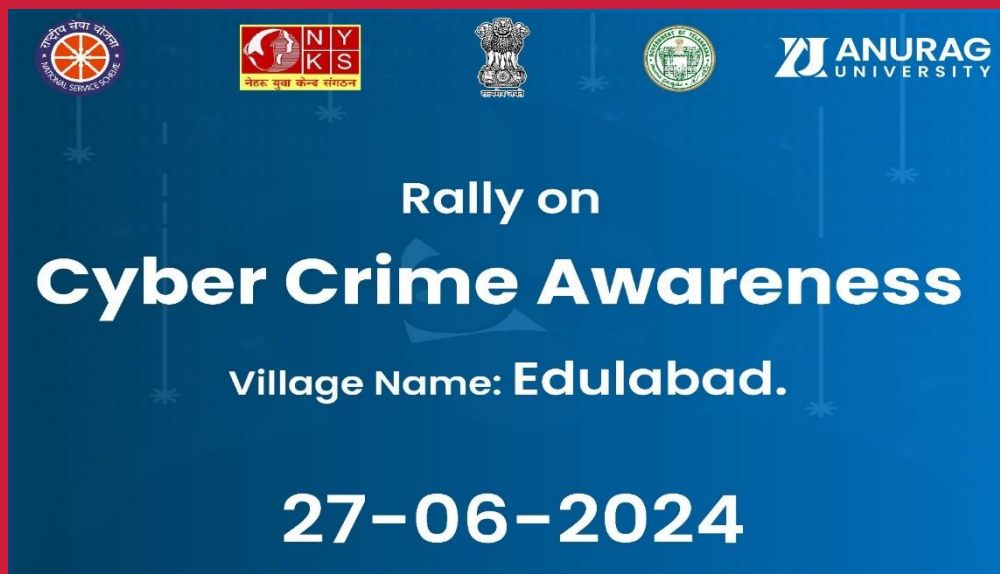

Cyber Crime Awareness:

Date: 27.06.2024

The NSS Unit - III of Anurag University participated in an "Awareness Rally on Cyber Crime" on 27th June 2024 at Edulabad. This initiative aimed to raise awareness about the growing concerns of cybercrime, its impact on individuals and society, and the necessary precautions to stay safe in the digital age. The participants discussed the increasing prevalence of cybercrimes such as identity theft, cyberbullying, online frauds, and data breaches, and emphasized the need for a collective effort in spreading awareness.

Banner for the Event:

The NSS volunteers played a significant role by distributing informational brochures, posters, and leaflets, which highlighted common types of cybercrimes and effective measures to protect personal data and digital privacy.

Volunteers engaged with local residents and students, explaining the importance of strong passwords, avoiding phishing scams, and being cautious while sharing personal information online. A street play was also performed by the volunteers, showcasing real-life scenarios of cybercrime incidents and educating the audience about preventive steps they can take to avoid falling victim to online fraud.

Cyber Crime Awareness at Govt primary School

Cyber Crime Awareness at Grama Panchayath Office

Conclusion:

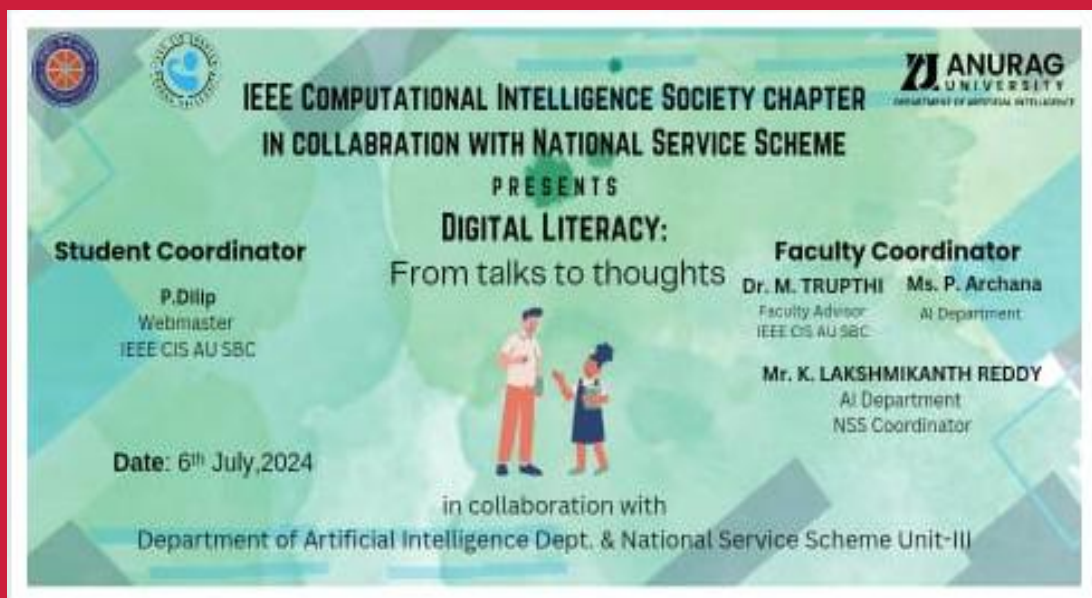

The event concluded with a pledge where all participants committed to being responsible digital citizens and spreading awareness about cybersecurity practices in their communities. The rally was actively participated in by volunteers, students, and local community members, who marched through Edulabad, creating awareness about the significance of digital safety and the ways to report cybercrimes

Digital Literacy- form talks to thoughts:

Date:06.07.2024

The NSS Unit-III in collaboration with IEEE Computational Intelligence Society Chapter conducted a **Digital Literacy Program form talks to thoughts** at Government High School on 6th July 2024. The aim of the program was to enhance the digital literacy skills of students and teachers, enabling them to use technology effectively for learning and teaching.

Banner for the Event:

Volunteers were assigned tasks related to designing training modules and conducting hands-on workshops. The school administration provided computer lab access and technical support for the IEEE Computational Intelligence Society Chapter team, so this event becomes easy to organize effectively.

The program kicked off with an introductory session, followed by workshops on basic computer skills, internet safety, and the use of educational tools. Students participated actively in learning how to create digital presentations and conduct online research. By the end of the program, students demonstrated improved digital literacy. Teachers were also trained to use technology for lesson planning and classroom teaching. Feedback from students and faculty was overwhelmingly positive, with many expressing interests in more advanced courses.

The

program faced challenges such as limited resources and initial resistance to technology.

However, these were overcome with persistence and engagement. the role of digital literacy in enhancing education and career opportunities. Interactive sessions, demonstrations, and activities were conducted to make the learning experience engaging and impactful.

The initiative was well-received, with students expressing enthusiasm for adopting digital practices in their daily lives. This program not only enhanced their understanding of digital tools but also inspired them to leverage technology for personal and academic growth.

Conclusion:

The Digital Literacy Program was a success in equipping students and teachers with the skills needed to navigate the digital world. It has set a strong foundation for future initiatives aimed at promoting digital inclusion. NSS Digital Literacy Program and can be adapted to fit the specifics of the event, focusing on community empowerment through technology

Road Safety Awareness Program:

Date: 12.07.2024

The Road Safety Awareness Program was organized by the National Service Scheme (NSS) unit-III, NSS Cell, Anurag University, on 12.07.2024 at D- Block Seminar Hall. The objective of the program was to raise awareness about the importance of road safety and to educate students, faculty, and the local community about safe driving practices, adherence to traffic rules, and preventive measures to reduce road accidents.

Objective:

- To promote road safety and reduce accidents.
- To create awareness about the significance of traffic rules and safe driving.
- To engage students and community members in discussions and activities that emphasize road safety.
- To encourage responsible behavior as pedestrians, cyclists, and drivers.

Banner for the Event:

Significance: With increasing road accidents and fatalities, especially among the youth, it is important to address the issue of road safety. This initiative aimed to educate people about the dangers of traffic violations and to emphasize the need for responsible behavior on the roads.

The NSS Unit-III volunteers were divided into various groups, each responsible for a specific aspect of the program such as conducting workshops, creating awareness materials, and managing logistics. Volunteers worked closely with local traffic authorities to ensure the program's relevance and accuracy. The NSS Unit-III collaborated with local police, traffic authorities, and road safety experts of Pocharam IT corridor PS to organize the program. Professionals from hospitals and emergency services also participated by providing information on first aid and the importance of quick response in case of accidents.

Prior to the event, the NSS volunteers conducted awareness campaigns by distributing posters and pamphlets highlighting road safety tips. A social media campaign was also launched to encourage students to follow road safety rules and participate in the event.

Inaugural Session: The program began with an inaugural session where the [Chief Guest Name] addressed the importance of road safety. A senior police officer or traffic expert spoke about the rising number of accidents and how following traffic rules can significantly reduce these incidents.

- **Basic Traffic Rules:** Understanding and following road signs, signals, speed limits, and other traffic regulations.
- **Pedestrian Safety:** Ensuring that people understand safe walking practices, such as using pedestrian crossings and avoiding jaywalking.
- **Impact of Drunk Driving:** A session focusing on the dangers of driving under the influence of alcohol or drugs, explaining the legal and social consequences.
- **First Aid in Case of Accidents:** Basic first aid techniques to assist accident victims until professional medical help arrives.

- **Street Awareness Campaign:** NSS volunteers conducted street awareness campaigns, where they distributed leaflets and safety messages to pedestrians, drivers, and commuters. Volunteers also demonstrated safe crossing practices, how to use zebra crossings, and the importance of wearing seat belts and helmets.
- **Road Safety Rallies:** A road safety rally was organized where volunteers, students, and local residents marched through the streets holding banners and placards with slogans like “Drive Safely,” “Obey Traffic Rules,” and “Save Lives.” The rally aimed to raise awareness in the local community.
- **Documentary Screening:** A documentary on road safety was screened, showing real-life consequences of traffic violations and accidents. The documentary was followed by a discussion on how each individual can contribute to reducing accidents.

Conclusion:

The Road Safety Awareness Program was a successful initiative, raising significant awareness about the importance of following traffic rules and ensuring personal safety on the roads. The program reached a wide audience, including students, faculty and staff and contributed to creating a safer road environment.

The NSS Unit-III, NSS Cell, Anurag University would like to extend our heartfelt thanks to the traffic police, road safety experts, and all volunteers whose hard work and dedication made this event

Two Weeks Awareness Program on Traffic and Road Safety

Date: 13.07.2024 to 16.07.2024

The **Two Weeks Awareness Programme on Traffic and Road Safety** was organized by the National Service Scheme (NSS) Unit-III, NSS Cell, Anurag University from 13.07.2024 to 16.07.2024. The primary objective of the program was to raise awareness about traffic safety among students, local residents, and the broader community. The program focused on educating participants about safe driving habits, traffic rules, and the consequences of traffic violations.

Objective:

- To educate the community about the importance of following traffic rules.
- To reduce road accidents by promoting awareness about road safety.
- To encourage safe driving and pedestrian practices.
- To inform the public about the significance of wearing seat belts, helmets, and adhering to speed limits.

Banner for the Event:

Significance: With the increasing number of road accidents worldwide, road safety has become a critical issue. The program aimed to instill a sense of responsibility and awareness about road safety among participants, especially youth, who are more likely to be involved in accidents. NSS Unit-III volunteers were divided into teams, with specific roles assigned for organizing events, distributing educational materials, and conducting street awareness campaigns. Faculty members and local traffic police personnel were also involved in providing expert inputs and guidance, showing slogans in the placards, road accident images and videos etc.

NSS Unit III organized Traffic Awareness program at college for three days. The awareness program was started at 8:30 am before college gate. The volunteers who are part of this awareness program stood on the side of the road by catching placards having quotations related to traffic rules and penalties.

Volunteers stop the people who didn't follow the traffic rules and informed them about the rules and penalties that they will be charged. All the volunteers looked after the traffic and maintained clear road without any traffic jam.

The volunteers conducted meetings to prepare posters, pamphlets, and digital content (videos and social media posts) that emphasized traffic safety. Publicity for the event was done through posters, flyers, and announcements on social media platforms.

The two-week program began with an inaugural session, where the Program Officer introduced the importance of traffic and road safety. Local traffic officers also gave talks on the legal aspects of road safety and the impact of accidents on individuals and society.

- **Traffic Rules and Regulations:** Understanding the basic traffic rules, road signs, and regulations.

- **Safe Driving Practices:** Emphasizing the importance of

following speed limits, wearing seatbelts, using helmets, and not using mobile phones while driving.

- **Pedestrian Safety:** Informing the public about pedestrian rights and how to walk safely on roads.

- **First Aid for Road Accidents:** Basic first aid training for dealing with road accidents and how to assist victims until help arrives.

- **Street Awareness Campaigns:** Volunteers took to the streets to distribute pamphlets, posters, and stickers promoting road safety. They also conducted live demonstrations about pedestrian safety, safe crossing practices, and the importance of wearing helmets and seat belts.
- **Road Safety Rallies:** A road safety rally was organized, where volunteers, students, and local residents participated by marching through the streets, holding placards and banners with road safety slogans like “Safety First” and “Follow Traffic Rules.”
- **Interactive Sessions:** Interactive sessions with traffic police officers were conducted, where they demonstrated the use of breathalyzers, the effects of alcohol on driving, and the consequences of driving under the influence (DUI). Volunteers engaged in Q&A sessions with the public to address concerns about road safety.
- **Film Screenings:** Documentaries and short films on road safety and the consequences of traffic violations were screened for students and local residents. These films were followed by discussions to reinforce the message of road safety.

Conclusion:

The **Two Weeks Awareness Programme on Traffic and Road Safety** was a resounding success. The initiative reached a wide audience, including students, teachers, local residents, and the general public, resulting in increased awareness of road safety practices. The program made a significant impact in educating the community on the importance of following traffic rules and ensuring safety on the roads. The outcome of a traffic awareness event is typically aimed at increasing awareness, promoting safer driving behavior, reducing accidents and violations, fostering community engagement, gaining media coverage, establishing partnerships, and achieving educational impact. Success is measured by changes in behavior, reduced incidents, sustained community involvement, and feedback for continuous improvement.
